1) Do For Yourself

Mystified by fancy words, blinded by the faith, that they say they preserve. But is it all just a waste of time, when the things that you wanna find, can only come from someone else, and you have to deny yourself?

'Cause when it's all said and done, you gotta look out for #1, 'cause only you can save yourself, and you can't depend on no one else.

'Cause there is nothing, that he can do for you, that you can't do for yourself. 'Cause there is something deep inside of you, that can't come, from no one else, and that one thing, that no one else can bring, is the love of yourself. Yeah, but you don't hear me though.

Mesmerized by shifty eyes, confounded by the laws, that they say they abide. But it's all just a waste of time, 'cause the happiness that you wanna find, can only come from someone else, and you have to deny yourself.

'Cause when it's all said and done, you gotta look out for #1, 'cause only you can save yourself, and you can't depend on no one else.

'Cause there is nothing, that he can do for you, that you can't do for yourself. 'Cause there is something deep inside of you, that can't come, from no one else, and that one thing, that no one else can bring, is the love of yourself. Yeah, but you don't hear me though. Give it to me.

'Cause there is nothing, that he can do for you, that you can't do for yourself. 'Cause there is something deep inside of you, that can't come, from no one else, and that one thing, that no one else can bring, is the love of yourself. Yeah, but you don't hear me though. Give it to me now.

2) Deep Space Nine

Have you ever been to the moon girl, well let me take you there, just lay your head upon the pillow, and let me massage your temples, and run my fingers over every inch, caressing and fondling every inch, until you're relaxed beyond sleep, your vision is blurry and you can't speak, deep.

Have you ever been to paradise, well let me take you dear, just relax your inhibitions, and commit to total submission, 'cause I can make you wanna love me, I can make you never wanna leave, 'cause I am not, your average Joe, 'cause I know some things, that they don't know.

So have you ever been to paradise, well let me take you love, just relax your inhibitions, and assume the 69 position, 'cause I can make you scream, like an animal, I can make you see stars and then glow, 'cause I am not, your average guy, 'cause they scratch the surface, but I get deep.

Solo

Not bounded, by the laws of sin, not bonded by the laws of man, I do what I can, when I want to, and nothing can stop me, from getting too deep.

Deep, Space, Nine.

Yeah! Come on! Let me take you there! Let me take you. Come on. Let me, take you! Come on. Let me take you there!

3) You Are My Lady

My heart, my soul, my mind, you own (yeah),
'cause your love, is so sweet, you cast a spell, over me.

'Cause you make me feel like I'm in love, for the first time baby, and I never wanna see you go, I never
wanna be alone.

'Cause I know that what we have is special, you're very special baby, and I don't want no body else but you,
'cause you are my lady (yeah).

Your smile, your eyes, your lips, your thighs (yeah),
'cause you are, so sweet, you cast a spell, over me.

'Cause you make me feel like there is someone, who really loves me baby, and I never wanna see you sad, I
never wanna leave you alone.

'Cause I know that I can tell you anything, that's very sexy baby, and I don't wanna make love to no one
else, 'cause you are my lady (yeah).

Solo

My heart, my soul, my mind, you own (yeah),

You are my lady, and I don't want no body else but you. No body else.

4) Reign of the Sun

I was born in the cosmos, with no space and time, my body descended upon the earth, after the birth of crime, I evolved from a tadpole, into a man who's divine, forced to live amongst the mortals, until the appointed time, so I went down to the river, and I drank from the fountain, I crossed over the desert, I climbed over the mountains, came across a small village, claimed some land for myself, found me a wife or two, and increased my wealth, became a man of the soil, planting crops and trees, 'cause I'm a man of the sun, sunbathing in the breeze, never following decrees, of the legacy thieves, never shaking the hands, of the man cutting down trees, 'cause I'm waiting for the new world, so that the order may begin, I'm just waiting for the chance, to meet up with old friends, the force is with me, like Luke Sky, and I will never die, so all hail, the reign of the mighty sun god.

I often bathe in the river, when the showers come down, I taught myself to play guitar, 'cause I like the way it sounds, I get on with many people, of different ethnicity, 'cause even though I don't give 'em gold, they still seem to love me, and love is all that really matters, 'cause material things die, so never stop asking questions, and you'll always know why, I keep my insides clean, with redclover and burdock, and goto kola insures me, that circulation is not blocked, so throw your hands to the sky, 'cause the bass makes your head nod and all hail the reign, of the mighty sun god.

5) Let Me Be The One

Let me be the one, let me be the one, you run to, 'cause I love you.

Let me be the one, you run to baby, let me be the one, that makes you go crazy, lady, 'cause I need you.

Let me be the one, you run to baby, let me be the one, 'cause I will never ever, beat you.

Let me be the one, let me be the one, to love you.

Let me be the one, you run to baby, let me be the one, 'cause I will never beat you, I love you.

Let me be the one, you run to baby, let me be the one, 'cause I will never beat you, I need you.

Let me be the one. let me be the one, let me be the one, let me be the one.

Let me be the one, 'cause I will never beat you, I love you.

Let me be the one, you run to baby, let me be the one, that makes you go crazy, lady, 'cause I need you.

Let me be the one, you run to baby, let me be the one, 'cause I will never beat you, I need you.

Let me be the one, you run to baby, let me be the one, that makes you go crazy, lady, 'cause I need you.

Let me be the one, you run to baby, let me be the one, 'cause I will never beat you, I love you.

Let me be the one. let me be the one, let me be the one, let me be the one. Please.

Let me be the one. let me be the one, let me be the one, let me be the one.

Let me be the one, you run to baby, let me be the one, 'cause I will never beat you, I love you.

Let me be the one, you run to, let me be the one, that makes you go crazy, lady.

Let me be the one, you run to, let me be the one, 'cause I love you.

6) Celeste (instrumental)

7) Nothing Can Stop Me (from reaching my dreams)

I don't believe, that my life has been all planned, oh no, I don't believe that. I don't believe it, everything belongs to the man, oh no, I don't believe. 'Cause I'm free, to make my own decisions, and I'm free, to live by my own convictions.

I don't believe, that life's a bitch and then you die, oh no, I don't believe that, I don't believe it, that a grown man never cries, oh no, I don't believe. 'Cause I'm free, to make my own decisions, and I'm free, to live by my own convictions. 'Cause there is no one, there is nothing, that can stop me, from reaching my dreams.

Solo

I don't believe, that you can live forever, I don't believe in everything that's new is better. 'Cause I'm free, to make my own decisions, and I'm free, to live by my own convictions. 'Cause there is no one, there is nothing, that can stop me, from reaching my dreams.

Don't believe in anything. 'Cause there is no one, there is nothing, that can stop me, from reaching my dreams.

8) Can I?

I'm watching you, don't know your name, you're watching too, tell me what's your name, do you have someone, please don't say yeah, 'cause I like the way you stare, I dig your style too.

Can I be your man? Can I make love to you?

I'm thinking out loud, shouldn't be so proud, you're so fine it's true, 'cause I like every thing about you, you look so good in red, makes me lose my head.

Can I make love to you?

I'm watching you, from across the hall, you're watching too, can I give you a call, do you have someone, I can love you more, 'cause I know what this is for, and I hope you feel it too.

Can I be your man? Can I make love to you?

9) Us Against the World

I see your face, when I go, to sleep at night, and I see your face dear, when I wake in the morning light, and I'm so thankful (I'm so thankful), that you are here, by my side, and I'm so thankful dear, every time I look into your eyes.

'Cause I know, what I feel, and this love, is for real,
I don't care, what they say, 'cause I'm gonna love you anyway.

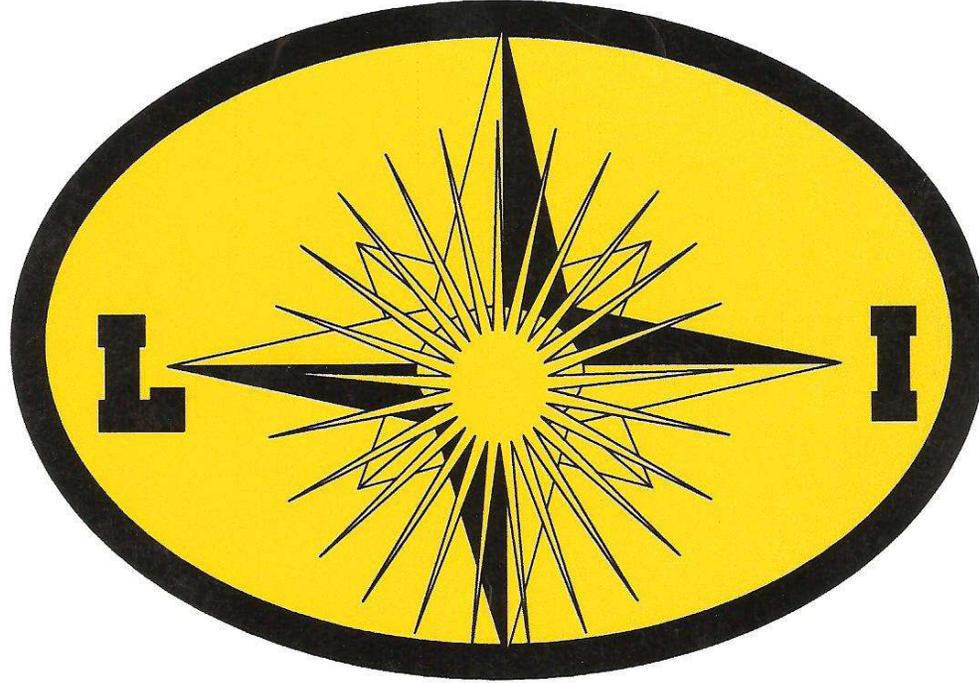

Solo

The ones who have control, don't want you to be my girl, but we can't be stopped, so, now it's us, against the world.

'So I know, what I feel, and this love, is for real,
I don't care, what they say, 'cause I'm gonna love you anyway.
'Cause I know, what I feel, and this love, is for real,
I don't care, what they say, 'cause I'm gonna love you everyday.

'Cause I know, what I feel, and this love, is for real,
I don't care, what they say, 'cause I'm gonna love you everyday.

10) Virginia Beach (instrumental)
